# Your Voice Counts

## Have your say on the future of Fremington Parish

Fremington Parish Council wants to hear from younger residents, aged 11 to 30, about their vision for the future of the local community. Please take the time to answer the following questions to help us understand the needs of young people, and share your ideas about what would make the parish better.

The Parish Council have asked Devon Communities Together (DCT) to help gather the views of young people. DCT is an independent charity who have years of experience supporting communities in Devon.
