Moving Together Devon is a social enterprise aimed at supporting older and less able people to either move home or stay in their current property with appropriate changes/adaptations. We appreciate that this can be a difficult decision, sometimes feeling overwhelming.

Starting with a free consultation anywhere in Devon, we explore with you the feasibility of adapting your property if staying put is your priority. Alternatively, we clarify what options around moving are available to suit your requirements. We also identify with you the extent and nature of the support you feel you might need, working as closely with family and /or friends as you deem necessary.

We will do as much or as little as you want, by providing practical support, ranging from helping find a new home, sorting belongings, dealing with other professionals, right through to moving in. Moving Together Devon came about when Carole was faced with the dilemma of moving her own mother. As an Occupational Therapist, she had lots of experience working with disabled people in their homes, providing equipment and adaptations to give them a better quality of life. She also came across many people who knew they needed to move but didn't have the energy or support to do so. With the help of her husband Tom, also a Healthcare Professional, they have acquired the necessary skills and expertise to help people through this process, towards a positive, more settled future. We are DBS checked and professionally registered.

Please check out our website www.movingtogetherdevon.co.uk or request more information by contacting Carole or Tom Smyth 01392 270 067 or carole@movingtogetherdevon.co.uk.

We are here to help.
