1902/21 **To consider further representations on the Parish Council's boundaries to appropriate authorities** (item requested by Cllr Mrs Kingdom)

Cllr Mrs Kingdom explained the difficulties in being able to properly represent the constituents when the Parish Council is not included in consultations or kept informed of changes within the parish due to a lack of understanding where the parish boundary runs and asked for support in writing to relevant authorities to highlight the issue. Cllr Mrs Kingdom listed some examples of the issues with the most recent being the Section 10 consultation for the Tews Lane school which the Parish Council was not aware of and the Headteacher had written to all Barnstaple Town Councillors believing the school was within Barnstaple Town Council's boundaries. Cllr Cann did not feel that NDC had helped by showing the housing allocation for Roundswell in the Barnstaple chapter within the Local Plan when it lies in Fremington Parish. Members discussed ways in which to raise the profile of the Parish Council and an understanding amongst residents that they live within Fremington Parish and it was **resolved**, with no votes to the contrary, to write to the relevant authorities highlighting the issue, investigate the cost of a leaflet to be delivered to Woodville and Roundswell by Cllrs and to ask the Handy person to check the Council's branding on areas and equipment it manages throughout the parish.

1902/22 **To receive and consider correspondence from Natural England on Coastal Access – Improvements to public access along the North Devon Coast between Combe Martin and Marsland Mouth**

The information was circulated to members prior to the meeting.

Cllr Ms Scott declared a Personal Interest.

Members discussed the proposal to re-route the Coastal path at Fremington Quay which instead of following the shared road/footpath/cycleway past the front of the café to the car park at the northern end of the Quay it would follow the block paved path on the seaward edge of the Quay. Concerns were raised about the possible conflict this could cause with other uses and future uses at the Quay, it was also noted that 1m back from the Quay wall was retained by NDC. It was **resolved**, with no votes to the contrary, not to support the proposal to divert the Coastal path, the Parish Council would like to see the route remain as it is, if Natural England is minded to divert the route it should only be for pedestrians and not cyclists, it was further agreed to highlight that 1m back from the Quay wall is retained by NDC.
