UPDATE ON DOG FOULING BINS

As I am sure many of you would have heard unfortunately the Parish Council's contractor for dog bin emptying has ceased trading citing that he has been given notice from North Devon Council that he can no longer dispose of the waste under NDC's umbrella, he has been given one month's notice which in turn has given the Parish Council limited time in which to explore the options for the future provision. Having not identified another service provider and NDC confirming that it does not have the capacity to undertake the emptying of Parish Council bins the Parish Council had no choice other than to agree to remove the 35 bins it owns in the Parish by 28th March 2019, whilst it looks for a long term solution. Fremington Parish Council is pleased to confirm that it has now been able to arrange with our grass cutting contractor that he will take over the collection and disposal of dog waste for a trial period of one month. All 35 dog bins will remain in place and the situation will be reviewed in one month's time. See Newsletter
