

Supporting the special dietary needs of vulnerable self-isolating residents

If you receive one of the government's free weekly food parcels and have a special dietary requirement, such as vegetarian, vegan or a dairy or gluten intolerance, please get in touch with us via the Devon Coronavirus Emergency Helpline on 0345 155 1011. Depending on what you need, [we can arrange a top-up box to be delivered](#) or refer you through our local authority hub for help so you have a range of food you can eat.
