Where does your Organisation hold its meetings? Our organisation is new and due to the Covid crisis we have been holding virtual meetings. It has not been decided where actual meetings will be held when we can meet, but it will be a local venue.

Please detail the number of people within your organisation who would benefit from a grant: 277 households on the housing estate, along with the other Fremington residents who use the facilities and the green areas on the estate.

How many of these people live within Fremington Parish? All of them

Is your Organisation a Registered Charity? YES/NO

Is your Organisation Affiliated to a National Body? (if so please give name and address below) YES/NO

However, we are investigating what national bodies would be relevant to our association and assist in its aims.

What are the aims and objectives of the Organisation?

To promote the interests of all the residents of the local area and assist in maintaining good relations amongst the community, Fremington Parish Council, Housing Associations and the Management Company for the estate.

To promote the common interests and rights of all the tenants and homeowners living on the estate regardless of nationality, age, sex, race, colour, religious or political beliefs.

To promote the common interests and rights of the tenants and homeowners of the estate.

To promote social activities for members of the community living on the estate.

Please state how your organisation specifically benefits the people of Fremington Parish:

The Residents' Association intends to represent the families living on the Riverside Park and Waters Edge Estate, primarily with the Management Company appointed to manage the public areas on the estate, which are open not only to estate residents but also to all the residents of the Parish.

The Residents Association would also look to work with the Parish Council on maximising the facilities provided on the estate, including the LAP, LEAP, MUGA and the green areas.

We would look to engender a community spirit on the estate, encouraging the residents to respect the areas around where they live, and the Management Company maintain them to a high standard for the benefit of all.

Amount of grant requested: £150

What is the project or purpose for which the grant will be used?

Any grant would be used to support the Residents' Association in meetings its' aims and objectives. Being a new organisation, we need to establish clear communications lines with residents, which will include Newsletters, an Internet site and whatever other communication avenues present themselves.

Specially the monies would be used for printing, any IT support needed to give the association a digital presence and also other costs than may be encountered in the early months.

Were you successful in applying for a grant last year? YES/NO

If yes, what was the money spent on?.....

Note: There are no accounts attached as a new organisation we do not have any before now.

I declare that the information detailed in this application is true and accurate and that I have not omitted any other information that may be relevant to the application.
