2206/35 **Minutes**  
It was **resolved**, with no votes to the contrary, that the minutes of the meeting held on the 26<sup>th</sup> May 2022 be approved and signed as a correct record.

2206/36 **Climate Emergency - Update**  
Cllr Dixon gave a general outline on flexible solar panels for the Beechfield Centre. He has had contact with a company whose contractors will visit the site, give a rough guess and provide an estimate for the installation, which will be in the region of £15,000. Members agreed to take this matter forward. He spoke about energy suppliers and felt that British Gas has the greenest credentials, sourcing 75% of its electricity from renewable sources and 25% from nuclear. Total Energy, the gas supplier for Tews Lane only sources 16% from non-fossil fuels and has a target to source 30% by 2030. He recommended that the Parish Council should research an alternative supplier for Tews Lane gas when circumstances allow.

Meeting ended at 10.50am
