

# **Fremington Parish Council Community Engagement Policy**

Date of Review	Change Description	Minute No.
30 <sup>th</sup> May 2019	Review	1905/74
25 <sup>th</sup> June 2020	Review	2006/29
27 <sup>th</sup> June 2023	Review	2306/33

Fremington Parish Council aims to reflect the needs of its residents and the local community and the services it provides should work towards achieving this aim. Fremington Parish Council recognises that residents should be involved in decisions affecting them and their neighbourhood and in shaping the future of the area in which they live. To achieve this the Council will:

- Provide parishioners with relevant information about services, policies and decisions that might affect or interest them;
- Provide parishioners with opportunities for them to have their say about decisions, services and plans through consultations, surveys and conversations;
- Provide parishioners with opportunities to be involved and informed;
- Ensure views are listened to and used to develop, enhance and improve services where practical.

Community Engagement will be achieved in many ways to ensure all sections of the community are reached and will include the following:

A quarterly newsletter distributed at locations throughout the parish and available on the Parish Council's website and Facebook page.

Online – the Parish Council has a website [www.fremingtonparishcouncil.gov.uk](http://www.fremingtonparishcouncil.gov.uk) which is regularly updated with information relating to the parish. All agendas, minutes and Parish Council news will also be available via the website.

Social Media – the Parish Council has a Facebook page which aims to share Council news and information related to the parish.

Meetings of the Parish Council, including Committee meetings, are open to members of the public and allow for Public Participation at the start of the meeting.

Councillors are an important source of two way communication between the Council and residents. Councillors are encouraged to interact with residents informing them of information relevant to the parish and Parish Council news and reporting back to the Council on issues raised by residents.

The Parish Council has eight notice boards throughout the parish for Parish Council news and two community notice boards, these notice boards are regularly updated with relevant information and the community is encouraged to pass information to the Parish Council for inclusion on the community notice boards.

All information is also available in the Parish Council Offices and via e-mail, telephone or post.

The Parish Council will aim to be as open and transparent as possible, providing the local community with as much information through as many different routes as possible.

**Adopted 23<sup>rd</sup> February 2017**
