2511/26 **North Devon Council - Planning Applications**

78993 Proposal: Outline applications for up to 200 dwellings and 0.5ha of Commercial, Community and Business uses (Classes E and F), associated open space, infrastructure and access with some matters reserved (appearance, landscaping, layout and scale) (resubmission of 77453) (Amended Description)

Location: Land at Yelland South Quay, Lower Yelland, Yelland, EX31 3EZ

Applicant/Agent: Devonshire Homes

It was **resolved**, with no votes to the contrary, to REFUSE the application based on the previous comments:

- The proposal is outside of the adopted Local Plan.
- The proposal is not sustainable, there is not the infrastructure to support the development and in particular a lack of health and social care, education, sewage, and road network.
- The proposal is within flood zones 3A.
- There would be a severe loss of biodiversity.
- The proposal would be an encroachment on the estuary and open countryside setting.
- Concerns about the relationship of the current business and the safety of residential development in proximity.
- Concerns about the safety and impact on users of the Tarka Trail.
- The Parish Council would question the hydraulic capacity and the ability of sewage treatment plants given the amount of development in the area.
- Although the Parish Council has declared a housing crisis it does not believe this is the right development to mitigate and would support right homes in the right places.

Further reasons for refusal were the removal of the medical centre which is a much needed community asset, and to echo the comments from Instow Parish Council dated 26<sup>th</sup> October 2025.
