It was **resolved** to agree the agenda between Part A and Part B (Confidential).

**PART A**

1607/05 **To receive a report from the Police**  
A Police report taken from the website was circulated and is attached as appendix one. Members asked for clarification on what Violence and Sexual crimes cover. Members were informed that at the last meeting, clarification was asked for the terminology used following the speed checks; it was confirmed that cars meant all vehicles including lorries.

Members expressed their disappointment that smaller Parish Councils still have a regular Police presence at their meetings and yet for a Parish larger than Ilfracombe the Council rarely has a Police presence at its meetings.

1607/06 **Public Participation Period**  
A member of the public stated that material going to the Anchorwood Bank site had been tested for asbestos and was over the limit the site would accept, the site has decided not to take any of the material. The member of the public felt that money and a S106 agreement was behind a cover up. Cllr Cann felt that several accusations had been made from members of the public. He explained that he had been bullied and harassed by members of the public, the Environment Agency and Health and Safety Executive had been contacted and there was nothing to hide.

Another member of the public asked for clarity on how the fuel tanks at the Yelland Power Station Site were decommissioned and started making accusations about Councillors.

Cllr Ms Scott left the meeting.

The Chairman suspended the meeting at 7.45pm and explained that she would not allow Councillors to be attacked in this manner as the claims were unsubstantiated. The Chairman explained that if any member of the public has concerns about the conduct of a member of the Council they should make a formal complaint to the Monitoring Officer; she further explained that members of the public cannot continue to disrupt Parish Council meetings and asked the two members of the public to leave the meeting.

Three members of the public left the meeting.

Cllr Bell left the meeting.

Cllr Ms Scott returned to the meeting.

The Chairman re-convened the meeting at 7.50pm.

A member of the public asked why the summer newsletter states "Speaking in public can be quite daunting but we welcome that as it as an essential part of local democracy" when the Parish Council has just amended Standing Orders to make local democracy and speaking under Public Participation harder. The Chairman explained that the previous Standing Orders stated that members of the public could only ask questions relating to items on the Agenda, the Parish Council actually amended Standing Orders to allow members of the public to speak or ask questions on any item relating to the business of the Parish Council, therefore, enhancing local democracy.

Cllr Rennles returned to the meeting.

1607/15 **To consider the adoption of the open space at the Former Army Camp Development**

Members were concerned about the timescale for a decision and felt it could soon be taken out of the Parish Council's hands. It was therefore **resolved**, with no votes to the contrary, to defer the item to the next meeting and for the Working Party to meet with the Planning Officer in the meantime to discuss the Parish Council's options.

- 1607/18 **To discuss the significant increase in car parking charges in Bickington Car Park** (Item requested by Cllr Mrs McCormack-Hole)

Cllr Mrs McCormack-Hole explained that the land was donated by a resident to the village to provide parking, there is nowhere else to park and residents do not have garages. A nominal fee was introduced because the parking was being abused by commercial operations, however, this charge has doubled in the last few years and has just doubled again to approximately £50, Cllr Mrs McCormack-Hole felt this was an excessive increase. Cllr Brailey explained that the intention was to bring the charge for this car park in line with all of the other car parks, Cllr Cann fought hard against this decision and it was decided to increase to the current charge which is less than £1 a week. It was **resolved**, with no votes to the contrary and three abstentions, one of which was from Cllr Mrs McCormack-Hole, to write to NDC asking what the current charge is and expressing the Parish Council's concerns at the increase.

- 1607/20 **North Devon Council – Planning Applications**

*It was formally noted that participation of the Councillors who are also members of NDC in both the debate and subsequent vote (in respect of any of the above, were preliminary taking account of the information matters) was on the basis that the views expressed made available at the time to the Parish Council. The District Councillors were reserving their final views on the applications until they were in full possession of all the relevant arguments for and against*

Location: Glenwood Farm, Roundswell, Barnstaple

Location: 20 Ley Meadow Drive, Roundswell, Barnstaple

Location: 13 Allenstyle Way, Yelland, Barnstaple

#### **Councillors Questions**

Cllr Biederman asked if it would be appropriate for Councillors to stand when speaking to try and prevent Councillors speaking over each other. It was felt that this would be more disruptive to the meetings and the Chairman reminded all Councillors to be respectful to each other, not to interrupt when someone is speaking and to respect each other's point of view.

Cllr Turner stated that homeless people are being housed by the housing authority at the Travelodge and there is no footpath to access services meaning that these people are having to walk on a very busy main road. It was agreed to express the concerns to DCC.

Cllr Brailey commended the Chairman on how she had dealt with the situation that had arisen at the meeting and the meeting overall and stated that it is not right for a Councillor to be bullied off of the Council by a member of the public with unfounded accusations.
